First place in the IT international competition in the Web Programming category

Professional Experience

2021-2023

INTERSHIP MOTOMTECH

Frontend Developer

Completed a frontend development internship, gaining hands-on experience with HTML, CSS, Bootstrap, SASS, JavaScript, React, React Native, and TypeScript. In 2022, contributed to a real-world project, collaborating with a team to develop production-grade features and deliver a seamless user experience.

2023-2024

FRONTED DEVELOPER

- A highly skilled and collaborative Frontend Developer with a strong foundation in creating modern, responsive, and user-friendly web and mobile applications.
- Core Technologies: HTML, CSS, and JavaScript
- **Modern Frameworks & Libraries:** Expertise in React for web development and React Native for cross-platform mobile app development. Familiar with managing state and data fetching using TanStack Query.
- **TypeScript Proficiency:** Leveraging TypeScript for type-safe and scalable application development.
- **Styling Tools:** Experience with utility-first CSS frameworks like Tailwind CSS for rapid and efficient UI development.
